

Teach Climate Teachers Scholarship Pledge – Full Scholarships

Pledges to the [Teach Climate Teachers Scholarship Fund](#) will only be used to support Climate Generation: A Will Steger Legacy's scholarships for its science-based climate change education. As we build a movement, each \$500 scholarship will be listed in the name of its donor(s) and honoree(s) on the Climate Generation website. We hope you will consider donating in the names of children, grandchildren, parents, educators, mentors or others important to you. We encourage multi-year pledges, which will reduce our cost of fundraising, add momentum, and greatly help our planning.
