COP delegations
What is the COP?

- UNFCCC Conference of the Parties – the decision making body of the Convention

- COP Conference – Annual, formal meeting of the Convention to assess progress and make decisions
United Nations Climate Change Conferences
Venue for global climate change response

For the past two decades the UNFCCC has organized annual meetings where national governments come together to find common solutions to address climate change.

Types of participants
The conferences attract thousands of delegates, including representatives from national governments, UN organizations, non-governmental organizations and the media.
